

# DIVERSE PEOPLE AND JOBS that accelerate great science

Fermilab is America's particle physics and accelerator laboratory.

[SEARCH JOBS](#)

# Who we are

---

Fermilab has been at the forefront of particle physics for more than 40 years. We build world-leading accelerators and detectors to conduct some of the most advanced particle physics experiments possible. We collect and analyze the data from those experiments with some of the most powerful computers in the world. We conduct this research on a 6,800-acre prairie 35 miles outside Chicago, a treasure that has been designated a National Environmental Research Park.

**We value strategic risk takers, innovators and collaborators.**

### Forefront research

PARTICLE PHYSICS AND ASTROPHYSICS

### Innovative technology

PARTICLE ACCELERATION AND DETECTION

### Diverse workforce

INCLUSIVE AND DIVERSE FOR SCIENCE

### Beautiful natural surroundings

THOUSANDS OF ACRES OF ILLINOIS PRAIRIE

### Work-life accommodations

ENCOURAGING BALANCE IN ALL PARTS OF LIFE

### Benefits

MEDICAL, DENTAL, RETIREMENT, FLEXTIME

# Fields of Work

**At Fermilab, we drive discovery by:** building and operating world-leading accelerator and detector facilities, performing pioneering research with national and global partners and developing new technologies for science that support U.S. industrial competitiveness. Want to join in the exploration? Find your role.
